

Keep Me (Shelter Me Series Book 3)

From the USA Today Best Selling Author comes the third and final book in The Shelter Me Series. Four months ago Shelby Morris left Michigan with bitter words to Antonio Schavone. Words that cut him deep. Made him re-think every aspect of his life. Even when she left he didn't give up. He's changed, and he wants her. And now she's coming back! She has her reasons for why she said what she did. A secret she has carried with her since she was a teenager. The reason why she has never let herself get close to a man. The reason why she lives only for her job. The reason why she doesn't feel like a complete woman. Her sister Erin doesn't even know why she has never had a relationship. Will he be able to break through her strong-willed ways? Make her realize he doesn't care what her secret is and show her she is definitely the one he wants. Or will Shelby and her feisty mouth, wicked tongue and stubborn ways be just a little bit too much for Antonio to handle? These two are going to heat things up in this final installment of The Shelter Me series. Everyone knows that the Schavone men get exactly what they want!
