

Forever Home: BBW Paranormal Shifter Romance (Sawtooth Shifters Book 1)

Shadow Channing is in chains. Pack rivalries have imprisoned his family in chains beside their enemies. They're forced to fight for survival each month in a dog fighting ring. Shadow assures his brothers they'll escape, but to do so they must either team up with the rival pack that led them to their capture, or fight to the death for their freedom in front of a cheering crowd. Trina is in recovery. When rumors of dog fights start swirling around town, the owner of Forever Home Animal Shelter is determined to put a stop to them and bring the dogs to safety. Even when they turn out to be werewolves. Trina knows that everyone deserves a second chance at life, especially after a car accident ripped hers away from her. Shadow will do anything to repay Trina for saving his life, but soon he realizes he's not the only one who needs saving.
