

Summer Haven Box Set #1 (All of You, All I Want)

New Adult Contemporary Romance

All of You Hannah Cooper has been in love with Logan Daniels for as long as she can remember. No other guys measure up to him in her eyes. But Logans not exactly dating material. Hes been with more girls than she can count and shes known him forever, long enough to know that his feelings for her arent mutual until her two best friends manage to convince her that maybe he does have a thing for her. The only problem? He has a girlfriend, and it seems like hes serious about this one. Logan has been in love with Hannah his whole life, but he knows that she deserves better than him. He knows that if she were to ever find out the truth about what he did last summer, she would never be able to look at him the same way again. He vows to keep his secret to himself, even if that means keeping his feelings along with it. When they go to Logans familys beach house in Summer Haven, North Carolina for a week, the chemistry and sexual tension between them thickens. They both find themselves wanting more, but if they cross out of the just friends zone, can they ever go back? And what will happen if Hannah finds out about Logans secret? In the midst of trying to decide if she should lay her heart on the line, Hannah is also dealing with her stalker, whose threats are becoming real.

All I Want From the moment she laid eyes on Weston Daniels, Teagan Adams felt an instant connection with him. She fell harder than she expected to the night they spent together at the Daniels family beach house last winter. But when Wes left Summer Haven the morning after without even saying goodbye, she realized that it was nothing more than just another one night stand for him. When Teagan slipped out of his bed, Wes took it as a sign that she was trying to slip out of his life, too. Still, he never gave up on the idea that there could be something between the two of them. The following summer,

Wes decides that hes going to find a way to prove to Teagan just how much she means to him. Unfortunately, his plans come to a screeching halt when he receives an anonymous text message from a stalker who threatens to reveal his secreta secret that will not only destroy his fathers political campaign, but even worse, will endanger the lives of everyone he cares about. Wess secret is so dangerous that he knows he cant let Teagan get caught in the cross-fire, but will he be able to stay away? Or will he give into the temptation?
