

Leading The Field: Strategies, Advice and Inspiration From World Class Experts

Being an author and a motivational speaker, I know what the power of a good book can do for someone. There were many books over the years that have given me inspiration, showed me how to be a leader in my field, and given me advice that I still use to this very day. And I also know that there will be others to come in my future. As I sat down with my mastermind group, I came to the realization that these entrepreneurs, who are leaders in their fields, needed to come forth and share their expertise. This book is a collection of leaders who took their businesses to the next level by sharing their keys to success through strategies, advice and inspirations. Strategy is all about gaining a position of advantage over the opposition. Read how one expert took their Real Estate business to new heights by going outside of the box. Advice is an opinion or recommendation offered as a guide to action. Learn how we have the power to change our faltering economy. Inspiration is as an unconscious burst of creativity. Be amazed at how one medical anomaly helped to create a successful business. Strategy, Advice and Inspiration are always a part of not only our business world, but also our personal world. Its how we use these courses of action that determines which direction our lives will be taken. This book was written to help you hasten your business growth by learning what is working today through the hard work and determination of our leaders in their industry. So sit back, open your mind, and learn what Strategy, Advice and Inspiration can do to transform your life.
