

Two Times the Charm

Max is a broken woman with secrets drowned in a rough past. She's looking to start over in a new town several states away. Never did she expect her past to follow her. Neither did she expect to find not one, but two men, anxious to love her. But they have a secret of their own, and it follows them everywhere. Ayden is the alpha of the local werewolf pack. Josh is the alpha of the neighboring town's pack. They grew up together; best friends. There's little rivalry between these two until their voluptuous, plus-size mate walks into their lives. Will a shared mate bring these two best friends closer, or tear them apart? The decision is made for them when their mate turns to them for help. They will stop at nothing to protect Max, but how far are they willing to go? Learning of their beastly dark side, will Max be able to face them without fear? After all, it's a past full of fear she's trying so hard to escape.
