

Letters Home

Life is all about the jigsaw, right? Finding the different puzzle pieces to complete your very own picture. A career you love, a house to make a home, a lover to complete you, and keep you warm at night. Danielle Renton has a life, and she loves it. A recent law school graduate, she'd been floored when her boyfriend, Nate Lewis, enlisted during their sophomore year of college. At the time, she'd been concerned with what that meant for them as a couple, but in the years that followed, they'd learned to adapt to the logistics of an army relationship. But when life throws her a curve ball, how will she cope? Can she pick up the pieces and make her picture beautiful again? Or does she realize that, sometimes, the pieces can be too broken to fit back together
