

## Letters to Nowhere

From the International Bestselling Author of the Tempest series A Mature YA contemporary set in the tough world of Elite Gymnastics. Her family may be shattered, but her dreams aren't... Seventeen year old Karen Campbell has just lost both her parents in a tragic car accident. Grief stricken and alone, her gymnastics coach opens his home to Karen, providing her a place to live while she continues to train, working toward a spot on the world championship team. Coach Bentley's only child, seventeen year old Jordan is good-looking and charming enough to scare away a girl like Karen someone who has spent ten times more hours on balance beams and uneven bars than talking or even thinking about boys. But the two teens share a special connection almost immediately. It turns out Jordan has a tragic past of his own, grief buried for years. As Karen's gymnastics career soars, her nightmares and visions of the horrible accident grow in strength. She can only avoid facing her grief for so long before it begins to surface and ultimately spin out of control in a very dangerous way. Can discovering love and lust (simultaneously) help with the grieving process or will it only provide a temporary distraction while waiting for reality to hit full force?
