As boys, Kenji and his friends came up with a bunch of stories about an evil organization bent on world destruction. As adults, someone is now turning their fantasies into reality! The year is 2014, and Neo Tokyo is completely under the control of the Friend. Kanna has decided to stand up and avenge Kenji--will she be able to muster up enough support for her cause? Kanna makes her way to a mafia-operated casino and quickly finds herself at a high stakes table. Is she lucky (and smart) enough to turn the odds in her favor at the bizarre and fast-paced game of Rabbit Nabokov? While Kanna marshals her forces, Koizumi Kyoko experiences true horror at the reeducation camp known as Friend Land. Going back in time in their Virtual World, she meets Kenji and his pals as boys in 1971 and sees something that is strictly taboo: the Friends childhood face! Will she live to report back on the Friends identity?
