FOR ROMANTIC SUSPENSE.To the
world, Sara Ivy had it all: a handsome
husband, a manicured estate, the kind of
ethereal beauty that drew all eyes to her. So
when hard-bitten reporter Nash Audubon
crashed a party to get an interview, all he
expected was another run-in with a bored
socialite. Instead, he got the surprise of his
life.For Sara Ivy possessed an innocence
that had no place in the sophisticated world
of Chicago high society. Tempted to learn
her deepest secrets, he followed her into
the night...and in one dangerous moment
discovered the real Sara--sexy, brave, and
heartbreakingly defiant. She was ready to
end the charade of her marriage to a brutal
man, and Nash would move heaven and
earth to cherish and protect her--even if it
cost him his life... THIS BOOK IS OFTEN
COMPARED TO SLEEPING WITH THE
ENEMY.LONG NIGHT MOON is a
crossover between WOMENS FICTION
and ROMANCE, and is more womens
fiction. LONG NIGHT MOON was
originally published by Bantam Books.
Theresa Weir wrote four books for Bantam.
This was the fourth and last, written before
she moved to Harper Collins.LONG
NIGHT MOON is a crossover book,
spanning more than one genre. Its not as
well-known as some of Therasas other
titles, but it has held up well, possibly
because of a plot that might have been a
little too outside the lines for the time. Its a
very dark topic, but the book has a lot of
funny dialogue and HEA.A popular
romance trope is one in which the hero

thinks the heroine is one thing, in this case an evil bitch, and treats her cruelly, only to discover that she's not who he thinks she is, and then he spends many pages on his knees, full of remorse. And not only is Sara Ivy not who he thinks she is, she needs his help. In one scene, The hero has been watching her for days, hoping to get a shot for his tabloid. When he sees her walking to beach in the middle of the night, he thinks he'll get a photo of her with a lover. But the lover ends up being Lake Michigan, and he must swim after Sara Ivy to save her life. Later, on the shore, she hands him his camera and tells him to take her picture. Which he does. He develops the photo, but never runs it in the paper.
