

Hot Off The Red Carpet

Addison Mattingly has spent her life living in her twin sisters shadow, so when her sister blows off a chance to be actor Trevor Bradens personal assistant, Addison decides its time to step into the spotlight. Pretending to be her twin, Addison goes to LA to take the job. Trevor is even hunkier and more gorgeous in person than he is on film, and its all Addison can do not to give into her inner fan girl. That fascination makes a difficult job even harder, and soon shes making one mistake after another. Thats when Addison learns Trevor has a unique way of getting her to focus on her jobhe puts her over his knee and spanks her.
