

Lord of the Vampires (Royal House of Shadows Book 1)

Once upon a time the Blood Sorcerer vanquished the kingdom of Elden. To save their children, the queen scattered them to safety and the king filled them with vengeance. Only a magical timepiece connects the four royal heirs and time is running out. Nicolai the Vampire was renowned for his virility, but in a twist of fate The Dark Seducer had become a sex slave in the kingdom of Delfina stripped of his precious timepiece and his memory. All that remained was a primal need for freedom, revenge and the only woman who could help him. In her dreams, a wanton vampire called to Jane Parker, drawing her to his dark sexuality and his magical realm. But for a human, all was not a fairy tale in Delfina. Jane was the key to Nicolai's memory but exploiting her meant dooming the only mortal he craved.
