

Love Restored

Rachel Swifts life is irrevocably changed when, mere weeks after the birth of their twin babies, her husband walks out on her. Deeply wounded, Rachel bravely rebuilds her life and her career as an architect and vows that no man will ever have the opportunity to reject her again. Three years later, at a glamorous affair in Monaco, Rachel meets Alain Leon. Their first, fiery kiss awakens hidden, almost forgotten, emotions deep inside Rachel. Passion flares, and a tentative Rachel senses that Alain might be the man to restore her faith in love. However, her world is shattered by Alains impetuous reaction when he wrongfully misinterprets Rachels motives for their romance. Pride triumphs over truth, and leaves Rachel crushed and heartbroken - once again. Life seems to smile at Rachel when her fledgling architect firm wins a contract for the restoration of a fire-damaged chateau in Provence. However, on her first day at the construction site, Rachels world is rocked when she is introduced to the man who will be working with her on the project - Alain Leon. Working with Alain on the project leaves Rachel torn between the painful memories of their passionate night in Monaco, and the hot rush of desire that floods her body in his physical presence. Alain struggles with his own demons, constantly having to fight his desires to stay true to his moral compass. Hot tempers, passion, and desires clash with stubborn pride and internal conflict to tell the passionate story of a stormy love between two people - a love that might be lost on them forever.
