

I Unlove You

My name is Ausdylan Elvis Ashford, a twenty-two-year-old who leads a rather perfect life. With a steady job straight out of university, a charismatic best friend Im in a band with, and a girlfriend Ive loved since the moment I first gazed upon, I couldnt ask for more. Until my perfect girlfriend, B, changed both of our lives forever. It began with the words, Im pregnant, and the realisation Id soon guide a new life into this world. Embarking on my own journey of self-discovery, I found new meaning in love, living, friendship, and family. This should have become the greatest love story of all, but I assure you it isnt. Sometimes true love and unbreakable trust is built upon lies and deceit. Sometimes those you know better than anyone turn out to be strangers you dont know at all. My name is Aus, and this is my (un)love story... -- --- -- -- -- Hi, my name is Matthew and Im the author of I Unlove You (and my previous novels, Tick to the Tock & Beyond Parallel). Im excited to have you here and appreciate the fact you reserve a few minutes for me and my book. I only hope you venture forward, add this novel to your collection, and begin reading soon :) But what is I Unlove You all about, and why would I write a Coming-of-Age novel like this: a Contemporary New Adult Romance that defies almost every rule a good love story should abide by? In fact, you might say This is Not a Love Story at all... Well, I believe we live in an age where people grow up fast but take many years to come-of-age. We live with our parents longer, tread towards love with trepidation, and hop from one job to another. The worlds real and gritty, and I happen to believe most love stories follow suit. So although this Coming-of-Age novel is a Contemporay New Adult Romance, it isnt a love story in the traditional sense. If you like fluff and Disney-happy-ever-afters, you may like to turn away now. But if you

like your books to be gritty and real, and you consider yourself an avid reader & bookworm, you may just fall in love with I Unlove You. I wrote this Coming-of-Age story because it yearned to break free from me, and I crafted it for those of you (maybe you're one of them) who expects more from the books you read. As such, I don't only invite you to download this book for free, but join me on a wonderful journey of writing and publishing. You'll learn more about this within the actual book, and if you choose to become a member of the Merry Misfits, you'll soon be part of a memorable experience. You see, I Unlove You is a Forever Free Novel (anyone can read it for free. No catch. No restriction) because I wish to share this story far-and-wide, and break down any and all barriers that stop folk like you from reading this story. But like I say, this isn't about a single book. It's about the experience between you and me... between you and all the books I write... between you and your fellow merry misfits who expect more from the novels you read. So... as you read I Unlove You, please remember the story itself only plays a role within the grander experience on offer. There's much more to come from this Coming-of-Age New Adult tale, and if you choose to download your free copy now, you'll soon appreciate what I mean. Which leads me to ask: Will You Download I Unlove You? I hope you will, but I understand if you don't. Whatever you choose, I hope you enjoy your next read... and the one after that... and have a most excellent day. And if you ever wish to say hello, do so. Email me... Tweet me... FB Message me... however you choose to get in touch, I assure you I'll reply. Here's to you and your awesome self. --- -- -- -- -- --

-- ABOUT THE AUTHOR: Matthew Turner is a British writer who tends to focus on Coming-of-Age New Adult Novels. He lives in Yorkshire with his beautiful son, and rather loves coffee. Discover more about Matthew and his coffee addiction at: www.turndog.co
