

## The Wolf Takes His Mate(BBW, Alpha Werewolf Billionaire Romance)

Lisas willing to help her werewolf ex-boyfriend get his own pack one one condition: he knows that shes lying. Because the only way is for him show his father that he has found a mate. Namely, plump little Lisa. Except his father can sniff out that something is wrong. And when he realizes that Lisa is not even a wolf yet, well he cant keep his pack off her. Chad will have to fight to keep her and prove that he is ready to be an alpha. And Lisa has to prove shes really his mate. A peck on the cheek isnt going to be good enough... This 7500+ words story features a smart and curvy girl fought and won by a hunky alpha werewolf. It features hot scenes of action both physical and erotic. Mature audiences only! Excerpt: Chad placed his arms on me, and I shook but he held firm. Come, Lisa, he said. Let us show who we are. His mouth moved my way, and I did not fight, but I did stretch back, delaying it. I felt no warmth, no lust, just the barren cool of the windless cave, and the disgusting sounds of the dozens of men around. I couldnt do this, but I had to do this. If I didnt my fears would be all too true. Chad couldnt fight off a hundred men.

But was he really being forced? Chad kissed my neck and I turned up to see a dagger sharp rock pointed squarely at me. I closed my eyes and wondered how bad it would feel it just crashed into me. Enough. The voice tore out of the crowd with a growl and then a man stepped out behind Chad to join it. She is no wolf. She does not want him. She is human and I want her.

The man had skin so pale it looked dark again in the darkened room. He took off his shirt to reveal vicious scars crisscrossing a well-padded chest. His eyes fixed on me with a crazed sort of hunger. Chad turned to him and rolled his shoulders so that all his many muscles flexed in turn. Then, come, he said.
