After the most recent in a stream of horrific blind dates, Addie's roommate suggests she see a professional matchmaker to try to find love, instead of allowing people who are less qualified to set her up. When she doesn't agree, her friend sets up a meeting without her knowledge. After meeting the woman, Addie decides to let her try to find someone for her, but she doesn't hold out much hope. Jake watched his best friend find love through the services of Matchrimony, but doesn't consider it himself. He's persuaded to contact matchmaker, Dr. Lachele, by his friend and his wife. When he meets his new bride, he's thrilled with the match. Will they be able to get past his obsession with his work to find love? Or will they give up too quickly?
