

## Worth the Risk (A Werewolf Romance) (Miami Scorcher Series Book 2)

One man is getting in the way of her revenge mate. Werewolf Marisol Cabrera has one goal in life: kill the man who murdered her entire pack. When she meets alpha werewolf Stephan and realizes he's her mate, all her carefully laid plans dissipate in seconds. By all accounts, she should hate Stephan and everything he stands for. After all, he's a dirty arms dealer doing business with her mortal enemy. Unfortunately, every time the dominating wolf gets close, she can't deny her growing attraction for the last man in the world she expected to want. But things aren't what they seem. Undercover DEA agent Stephan Lazos is about to make the biggest bust of his career, but everything that can go wrong, does. He never expected to discover his mate while on the job. She saves his life and his cover when he almost shifts in the middle of a crowded Miami nightclub, but that doesn't mean he trusts her. The clock is ticking and if he doesn't figure out what secrets the sexy she-wolf is keeping from him, he might not just lose his job, but his life in the process.
