

## Beyond Repair (Broken Heart Series) (Volume 3)

Everybody loves Katie; with her bubbly personality, her beauty, her never-ending supply of care and support for her patients and friends, and her huge sense of fun, theres very little to dislike. Yes, shes a bit scatty, she tends not to sweat the small stuff (like an engine light on her dashboard that is until her Mini wont actually start any more), and she can talk the hind legs off a donkey, but none of that stops most people from thinking shes pretty damn adorable. Well, most people, other than Sam, that is. Sam is anything but bubbly. His surly demeanour is the complete opposite of Katies, and over the six years that shes known him one thing has become very clear: Sam cannot stand her. The fact that he makes her nervous doesnt help the situation. Around Sam her verbal diarrhoea seems ten times worse, the snort that she tries to hold in when she laughs refuses to be suppressed, and her clumsiness assumes clown-like proportions. If only he werent quite so intimidating, she might be able to act like a normal human being, but his sheer masculine beauty is enough to throw her off before shes even spoken to him. Then theres the fact that he looks at her like shes something hes scraped off his shoe. The combination is enough to short-circuit her brain. Katie may be bubbly and bright but unfortunately her past is not, and its started leaking into her present. She hides her fear from her friends as they have problems of their own, but when Sam finds out the potential danger shes in, for some reason he is furious. Then again, theres a reason Sam is the way he is. He has his own demons to contend with. Shutting himself off and burying his pain has been working well for him over the last six years since leaving the Special Forces, so the last thing he wants is to spend any time with the one woman that cuts through the numbness he surrounds himself with and actually makes him feel again. But he simply cant stand by if Katie

is in danger; he cant allow her to be hurt. Unfortunately there are other ways to be hurt, and by getting closer to Katie, Sam may inflict more damage than her past ever could. Because Sam is damaged, and some things are beyond repair. This is a full-length contemporary romance / romantic comedy with its own HEA and no cliffhanger. Praise for Beyond Repair Fast paced and the author did a great job with the characters. Recommend to everyone who loves a romance between a tortured soul and bubbly, rainbow living angel. Star Angels Reviews I really enjoyed this read and cannot wait for the next book Susie Tate comes out with. This is a great series to read if you like the medical background of a show like Greys Anatomy with the light humor of your favorite romantic comedy. Wicked Little Pixie Reviews A must read series that begs to be on everyones e-readers and shelves. Love, understanding, patience and passion - Perfection. The Book Fairy Reviews This series has suspense, great banter, friendship, love and drama: what more could a reader want? Scandalous Book Blog I really enjoyed the book and am looking forward to Goodys story next. Once I started this one I couldnt put it down. Would recommend. Words Turn Me On Book Blog This story had me hooked from the beginning to the end and Ive only just managed to put it down. Really enjoyed the ending especially the epilogue. Mizz Clare Book Blog. Warning This story contains some swearing and violence.

Author Background Susie Tate is a general practitioner now, but she has also spent years working in hospital medicine. This the first of her books to be set in general practice and she hopes that it will give readers a feel for what its like behind the scenes, as well as being a funny, at times heartbreaking story.
