

Santa Seeks New Wife

At the age of twenty Legacy was forced to take over the family business after his father has an accident. Needing a wife fast, he marries an older family friend. Twelve years later, tragedy strikes and Legacy is left heart broken. Another one and a half years later and Legacy still pining for his first wife. As it is his second Christmas alone and he shows no sign of moving on, his parents and June, an Elf helper decide to take it upon themselves to help him. Setting up several dates for him with suitable women without telling him, he finds the woman of his dreams. Only when the time comes, who will he choose? This is a short story of heartbreak, secrets, love, soul-mates and a happy ever after?
