

Enticed: Book 1 of the Fullerton Family Saga (Volume 1)

Rachel Dennehy had a crazy thought. If she could just start over somewhere else, she could forget about her sad and tragic past and all the ghosts that chased her. When an email landed in her inbox, to tutor a difficult student whose father just happened to be the CEO of one of the biggest companies in the nation, the apple was a bit too enticing for Rachel to refuse. She moves from Texas to Beverly Hills, where she is tasked with turning around her wealthy pupils bad attitude. It is a bad attitude that stems almost entirely from his parents ugly divorce and even uglier custody battle. That her new boss Andrew, or Drew, Fullerton is one of the handsomest and most eligible bachelors in the world means nothing to Rachel. She has absolutely no plans to ever marry or have kids of her own. Her priority is teaching nine-year-old Jonathan, who needs her guidance and her direction and... most importantly... her friendship. Drews brother, Alex, however, assumes otherwise. He basically accuses her of being a gold-digging opportunist upon their first meeting. This sets the two immediately at odds, though they both have young Jonathans best interest at heart. Alex believes that Rachel is a ringer, a wholesome alternative to edge Jonathans socialite mother out of the running for custody, since she left Drew after her own salacious affair with a younger man. He wastes no time in telling Rachel that as long as she stays in her job, she will keep Jonathan from his real mother, and that is the driving force behind Drews interest. Unfortunately the more he tries to warn her away from Drew, the closer he ultimately propels her toward her charming boss. Drew never questions her motivation or her presence because Jonathan thrives under her tutelage, and Drew is beguiled by her no-nonsense attitude that challenges him from the start. Rachel navigates these choppy waters solely to protect Jonathan.

She sees the adults in the family as self-serving; most of whom are far more interested in hurting each other than taking care of this fragile, vulnerable boy. Her heart traps her into this sticky web, despite her own history of loss and betrayal. How long will she last? More importantly, what will she be required to give to save these Fullerton men who continually tug her in three different directions? The saga begins with the first book, titled Enticed, due to release in early 2014. Author Ginger Voight returns to the dream-making landscape of Los Angeles, in a new tale that throws back the curtain on the dangerous power, appeal and excess of the privileged. Only by the time this tale is done, one principle character will pay the ultimate price as they all race toward that elusive happily ever after.
