

Morgans Child (Circles of Love Series, Book 3)

When Kate Sinclair impulsively agreed to be a surrogate mother for a divorced socialite, she didn't expect the woman to renege on their contract and turn her back on the unborn baby. Now pregnant, alone, and penniless, Kate approaches the socialite's ex-husband, South Carolina real-estate tycoon Morgan Rhett, hoping he will adopt the child. But Morgan has no time for fatherhood, which makes his proposal that much more outrageous. But Morgan's solution is in the fine print of Kate's contract, though it's Morgan who's about to lose his heart.
