

Hunting Hearts II (Trilogy Bundle) (Werewolf Romance - Paranormal Romance)

Book Four: My Only Safe Place A year after she fled Mads and his war against the angels, Tara is making a life for herself in a large anonymous city. She is finally beginning to believe that there may be some kind of life for herself and her son, Fen, but then everything changes in a single terrible moment, and the war is on her doorstep again. Mads has never forgotten Tara, but when he realizes what she has done and who she has hidden from him, can he ever forgive her? Book Five: To Soar with Eagles Mads and Tara enter into an uneasy alliance with Lukas, the angel of prophecy, to find their son. Lukas guides them to the Aerie, the nesting place of angels, where no wolf has gone and lived to tell the tale. Mads and Taras love is put to the test as they search for their son in a terrifying stone labyrinth, and Tara is forced to make a decision that might doom everything that she holds dear. Book Six: Love at the End of the World Tara and Mads face off against Anders, the leader of the fallen angels, and they soon realize that his madness endangers not just the wolf clans but the entire world as they know it. Tara makes a desperate decision, risking her child and the man she loves, and she can only pray that she made the right choice. In the end, Tara knows that Mads loves her, and she knows that he would give his life for her and their son. What she does not know is whether it will be enough.
