

Witches Fate (The Mythean Arcana) (Volume 7)

She's vowed to forget him forever. Powerful witch Sofia Viera has loved warlock-werewolf half-blood Malcolm Brent for centuries, ever since they trained to become warlocks together. When Malcolm chose power over her and cast her aside, she vowed to forget him. For four hundred years, it worked. Until he forces her to return to him... Hell stop at nothing to have her back. Though fate is prophesied to tear them apart, Malcolm refuses to be separated from Sofia any longer. After centuries alone, he wants everything from her. Her mind, body, soul. Her love. When he steals a dagger that she desperately needs in an attempt to draw her to him, he unwittingly unleashes a force of evil that will destroy everything she loves. He promises to help her save her village... For a price. Warning: Explicit love scenes and adult language ahead! Turn back now if these aren't your style. Linsey Hall's brilliantly imaginative Mythean Arcana is THE must-read series of the year for fans of paranormal romance. - Maggie Shayne, NY Times Bestselling Author of Twilight Guardians
