

## Texas Hellcat

Kelly Sanger is beautiful, tough, and independent. Having practically raised herself and her younger sister when she was left orphaned as a teen, she's put herself through UT-Austin, and learned she doesn't need anyone else to survive. But when her advertising and management firm brings in a hot new consultant, she finds herself with feelings she can't control. Liam Covington is everything she has tried to avoid - devastatingly handsome, cocky, and rich, just like the men who destroyed her family.

But Liam makes it his mission in life to convince her otherwise, while they both try to figure out who is stalking her. As she comes face-to-face with a monster from her troubled past, will Liam stand by his Texas Hellcat or leave her like all the other men she's ever known?
