

Ask Eleanor (Special Edition with Alternate Ending)

Eleanor Darbish is sensible, practical, and reliable—perfect attributes for a successful advice columnist. But big changes at the flagship company Eleanor works for and very personal romantic issues surrounding her impetuous younger sister Marianne push Eleanor to face bigger questions about her life, her work, and her heart's real desire. A lightly comic, gentle retelling of *Sense and Sensibility*: one of sisters, relationships, and facing one's fears.
