

Blue Knight (The Vistaria Affair Series) (Volume 3)

A game of seduction where a mistake means death. Held hostage by the insurrectos for weeks and forgotten by the world, Olivia has watched Daniel bed every woman but her, who he cant see. Daniel lives dangerously and is forced to use her window one night to avoid the guards. Naked and faced with a long-legged woman who doesnt want him, his curiosity is piqued. Under the hostile, suspicious gazes of the guards they begin a game of heated seduction where the stakes are so high, no one, not even their fellow hostages, must suspect there is a connection between them. As Daniel teaches her how to defy the guards the tension between them, both sexual and personal, spirals until it threatens to shatter. Olivia learns that Daniel is not quite who she thought he was. Now she is fighting for Daniels life, too, for if the insurrectos find out who he really is, then the man she has come to love will be instantly executed....___ Blue Knight is Book 3 of The Vistaria Affair series.
