

Irresistible Ink (Inked in the Steel City) (Volume 6)

Unbelievable After months of admiring Arianna during their tattoo sessions, James is half in love and completely in lust. When he finally asks her out, things move at lightning speed, until he gets her home Where someone has abandoned a baby on his doorstep. Arianna should be running in the opposite direction, so why is she the one who comes to his rescue when he has nowhere else to turn? Unlovable Ariannas past holds a secret sure to crush James attraction to her, which is too bad because hes exactly the kind of guy shed choose for herself, if things had been different. She knows she should abandon their failed attempt at a fling, but she cant turn her back on him and his newborn niece they need all the help they can get. Being a part of his life while fighting her feelings for him is hard, and resisting his feelings for her is even harder. Book 6 in the Inked in the Steel City Series.
