

## Lone Calder Star (Zebra Contemporary Romance)

New York Times bestselling author Janet Dailey journeys to the Lone Star state and the Cee Bar Ranch, where the Calders face a new threat to their land and way of life. Quint Echohawk is a lawman, not a rancher, but hes a Calder through and through. And when someone sets out to undermine the Calders Texas outfit, its time for him to step in and investigate. From the moment Quints boots touch Texas dirt, its clear that everyone in town is running scared from Max Rutledge, the ruthless owner of a competing ranch. Posing as a cowboy looking for work, Quint has no one to trust but Empty Garner and his granddaughter, Dallas. In Empty, Quint finds a steadfast ally; in Dallas, Quint finds something more--the promise of a future. In a town where betrayal lies around every corner, where every unlocked door, thrown punch, or suspicious fire is just a hint of deadlier things to come, the Calders will be tested as never before. And this time, it could cost them more than their land. . .it could cost them everything.
