

SERIAL KILLER COMBO: Four Reviewer-Acclaimed Thrillers

FIEND Life has been a bumpy ride for Lily Foyle. Orphaned at six, she is adopted by an uncle later convicted of the sex slayings of three women. Detective Neil Slater believes there are more victims. He is convinced that Lily, made a ward of the Crown after the murders, is harboring terrible knowledge of the crimes. Now a young woman, addicted to drugs and employed in the sex trade, Slater sets out with the aid of a psychologist to find out.

In Fiend, Karen Lewis has written a crime thriller of high suspense and compelling excitement...This is a fast moving story with prose so energetic it leaps off the page. The lightning pace is driven by some of the liveliest dialogue youll find anywhere. This author cleverly uses dialogue to start up and leap across chapter sub-sections, making the plot flow all the more compelling. Dont begin this one unless you have time because you wont want to put it down once you start. Long and Short Reviews Gritty realism permeates the pages of Fiend. Karen Lewis takes us into the mind of a Fiend and we come out horrified. Lily lived through that horror and built up her own defenses. Now Neil wants to tear them down and Lily will do anything to keep them up. Neil is equally as determined especially when it appears as if the Fiend may have returned. If you enjoy your stories with healthy doses of horror, then Fiend is perfect for you. Karen Lewis is sure to get your heart rate up as you read through this story and finally meet the Fiend. Review from Sensual Reads Overall, I always enjoy a good suspense story and this definitely fit the bill. The author had me really guessing on what really happened and I always find that a plus. Review from Night Owl Romance ZELENKA She-devil rapist and serial killer When Bethanys little sister goes missing, suspicion falls on Magda Zelenka, a notorious rapist and serial killer. Dubbed she devil by the media, Zelenka is

a paedophile that preys on schoolgirls. Fear for her sister, sends Bethany on a frantic mission to try and find her. But as the drama unfolds nothing is as it seems and the ending is a shocker. **THE SURREY STRANGLER** In 1992, three women were brutally murdered by a serial killer known as the Surrey Strangler. He was never found. Now, more than two decades later, the murderer strikes again. Will Detective Neil Slater be able to solve the cold case and stop the killer before there are more victims? **NIGHTMARE** When her husband is arrested as a serial killer Kyla thinks its as bad as it gets. But theres much more in store. Set in the frenzy of Olympic games Vancouver, Kyla swings from believing in his innocence to the utter conviction of his guilt, and then back again. And discovers, in the process, that nothing is ever as it seems. This story kept me on edge from the very beginning and I must admit I found myself trying to read as fast as I could so as to uncover the truth behind the mystery. I kept going back and forth on my opinion of Dudleys guilt. **Night Owl Reviews** This story will stay with me for a while undoubtedly. It had a scary quality that touches on something that could easily happen to anyone. It makes you wonder how well you know anyone. As a fan of Ms. Lewis, I can only hope she keeps pouring out novels to feed my need. **Book Wenches Reviews** www.karenlewis.net
