

Hostile Takeover

The advertising business can be brutal... But Lydia was the perfect woman to tackle any challenge thrown her way. Having overcome a painful past, she's determined to make a life for herself on her own terms. Her plan to stay focused on her career and lead a life without the taint of love hits a snag in the form of her equally determined and very sexy boss, Ryder. Success takes perseverance... And Ryder has the drive to make his goals a reality. Having built his advertising firm with nothing but his hard work and fortitude, he's used to getting what he wants. And he wants Lydia. Using the same principles in his business strategy to win her, he fails miserably. Frustrated by Lydia's steadfast refusal to acknowledge the scorching attraction between them, he devises a plan to get her alone: a weeklong business trip on a tropical island resort where the days are hot and the nights are downright steamy. Ryder knows it will take more than flowers and candy to win Lydia--heart, body, and soul. She'll need a little push, a dose of persuasion, with a pinch of heady seduction. In matters of love and business, sometimes a hostile takeover isn't as bad as it sounds...
