

When Night Draws Near

AND THEN THERE WERE TWO. A handful of survivors, a killer among them and two former lovers caught in the cross fire. Elizabeth Boothe was grateful to be alive after the wreckage of her ill-fated flight. But even as she and pilot Seth Brody waited for a rescue plane, neither could deny what was happening between them. Their past differences melted away as easily as the snow beneath their heated bodies. Yet their rediscovered passion could not protect them from danger. There was a killer on the loose, and no way off the mountain. But Seth had found Elizabeth again and no one, not even a murderer, was going to take her away from him.
