

A Heart of Fire

Valdrik Haraldson is bent on avenging his slain family, on making his foes pay dearly even if that means sneaking onto enemy lands to kidnap and return the long lost daughter of his jarl. When Valdrik rips Finna from her life and returns her to her parents, not only is she startled to learn that the man she thought to be her father is truly her uncle, but that the mother she always longed for is alive. Used unjustly in a game of revenge, now that she is free of the life imposed upon her, she is ready to start anew only to learn she is the promised bride Valdrik was to receive for her rescue. As the two learn to love one another, they discover a passion as hot as the brightest fires of winter and a cruel plot forged to tear them apart forever.
