

Once A Bad Girl

A bit of glitz, a bit of glam, a bit of bargaining...and a wardrobe malfunction. In the style of Victoria Dahl, a fun, flirty contemporary romance that explores how far one woman will go to save her family's business and the one man that stands in her way. It seems like a dream come true when whispers of a reclusive film star fallen on hard times meets Lottie Spencers ears. Desperate to save her family's auction house, she knows that Hollywood memorabilia could be the answer to her prayers. Unfortunately, she's about to find out that this client comes with strings attached an overprotective son who will do anything to shield his mother from the prying eyes of the press. But Lottie is sure she can handle it. If only being around a bad boy didn't make it so hard to be good...Praise for ONCE A BAD GIRL:I really loved the witty dialogue and one liners weaved into this fun and flirty contemporary romance. Romancing The PageOnce A Bad Girl was an incredibly witty story. Its fun and very flirty romance
