

## One to Keep (One to Hold)

There's a new guy in town...Patrick Knight, single, retired Guard-turned private investigator. I was a closer. A deal maker. I looked clients in the eye and told them I'd get their shit done. And I did...Patrick doesn't do nice. At least, not anymore. After his fiancée cheats, he follows up with a one-night stand and a disastrous office hook-up. His business partner (Derek Alexander) sends him to the desert to get his head straight--and clean up the mess. While there, Patrick meets Elaine, and blistering sparks fly, but she's not looking for any guy. Or a long-distance relationship. Patrick's ready to do anything to keep her, but just when it seems he's changed her mind, the skeletons from his past life start coming back. A STAND-ALONE, ONE TO HOLD NOVEL. Adult Contemporary Romance: Due to strong language and sexual content, this book is not intended for readers under the age of 18. (M/F, male POV)
