

OSO Ready: The Boys of Beartooth Bay: Harrison

Jessica has been having the most torrid affair of her life with her sexy new client-- unfortunately, its all in her imagination. Bearshifter Harrison doesnt need a haircut every other week, but hes too tongue-tied around the curvy new stylist at the salon to ask her out. So while the boys tease him about how pretty hes looking these days, he broods about how to get the styling gel out of his hair and get the stylist into his bed. A chance encounter breaks the ice but when Jess and Harris find themselves facing an unplanned acceleration of their relationship, Harris has to come to terms with the realization that his bear has chosen its mate-- even if the man isnt ready. *** Short, Steamy, and heavy on the Happily Ever Afters; The Boys of Beartooth Bay follows a family of bear shifters from Californias central coast on their way to finding their mates.
