

The Cosmic Egg Timer: Introducing Astrological Psychology

The Cosmic Egg Timer offers an immediate and illuminating approach to using astrology, suitable for the enthusiastic beginner as well as the professional astrologer, psychologist or counsellor seeking a fresh approach to working with clients. Astrological Psychology was developed after extensive research by Swiss astrologers/psychologists Bruno and Louise Huber. Combining the best of traditional astrology with modern growth psychology, it provides a powerful tool for self-understanding and psychological and spiritual growth. First published in 2004, and now in this revised edition, The Cosmic Egg Timer still provides the best introduction to what also became known as the Huber Method. Using your own birth chart alongside this book, you will gain insights into the kind of person you are, what makes you tick, and which areas of life offer you the greatest potential.
