

## Minotaur Broodmaiden

When Alexa, the daughter of a humble craftsman in ancient Athens, is chosen by King Aegeus to go to Crete, she doesn't realize that she is to be a sacrifice for the legendary Minotaur. But when she's thrown into the dark Labyrinth with six other beautiful maidens and seven mighty Athenian warriors, including Prince Theseus, she soon finds herself alone in the dark, waiting for the Minotaur to find and devour her. But when the beast finally approaches, he has other plans for Alexa's nubile and innocent body. Can she satiate the savage beast's monstrous lust? This 7,300-word egregious misinterpretation of the Greek myth contains a huge half-bull monster that gives new meaning to the word horny!
