

Shifted Obsessions (Alpha Division Book 3)

(INCLUDED inside this e-book, A Shifted Wedding, an Alpha Division Novella!) Shifted Obsessions Bear just can't catch a break. The woman he loves has a secret. A deep secret, that's making her keep her friends and family at arms length. But the further she pushes Bear away, the more he wants to help. Sometimes, the acts we feel are selfless, end up being the most selfish acts of all. The government is allowing the Alpha Division to take more control over the case, but it feels like the Division is no closer to finding out who's behind the deaths of both shifters and humans. Between a horrific crime scene, uncooperative prisoners, and a missing body, things are getting out of control. And Bears starting to question if he's cut out for the job. Does he even belong anymore? There are more surprises around the corner for the Division. Secrets and lies seem to hit them from every direction. Things not thought possible have become a reality, along with the blow of losing one of their own. *Warning: This book contains strong sexual content, violence and adult language. Not suitable for readers under the age of 18.
