

Alpha Mate: The Witching (Book Three)

Fleeing her abusive boyfriend, Eva decides to celebrate her newfound freedom by eating something indulgent. Something her overbearing boyfriend had always forbidden, in case she got fat. She ran smack dab into the hottest man shed ever seen, but he was babbling like a crazy person about bonding and werewolves and being his mate. There was something undeniable between them though, a connection older than time and a powerful force that could not be denied. She follows him to his sprawling ranch and their love awakens something deeper than either one could have imagined. ALL THREE BOOKS IN ONE! From Evas point of view. Never miss a thing!
