

Phantom Love

They called him The Phantom. He would appear in church, sit in the back pew and then mysteriously disappear. Each of the young women in the ministry wanted to know who he was because he was so damn handsome and mysterious. Abby thought he was out of her league. Until a dare from her teasing girlfriends forces her to introduce herself to him. And she finds him quite charming to say the least. A mystery man who disappears for days at a time, drives a Bugatti and speaks French. Not to mention the fact that he was devastatingly handsome. Abby soon becomes the envy of all the women in the church as she begins dating the mercurial stranger. He is everything she wants in a man as he helps her grow spiritually and intellectually. She has never been treated with more tenderness and respect in all her life. But there is something about him that Abby can't put her finger on. A sad event from his past that has traumatized his spirit. Something that is holding back his growing feelings for her. Can she heal his soul and keep his love?
