

Keels Simple Diary Volume One (Royal Blue)

Philipp Keels Simple Diary Since its release TASCHENs bestseller worldwide

In a world where products are out as soon as they're in, where communicating without wires doesn't come without strings, and even our accessories need accessories, we need simple tools. A book that helps us look inside because we are overloaded outside. There are three reasons why most people, although they have tried, won't keep a diary: 1. Not every day is very eventful. 2. It actually takes a lot of discipline to write. 3. In retrospect, many find what they have written embarrassing. Keels Simple Diary offers structure for those who don't have time to wonder, making it easy to record life's moments. It gives the pleasure of a quick response and the sense that no matter what's wrong, more is right. This instant classic is filled with refreshing philosophy and original wisdom. Keels Simple Diary entertains, helps you focus and keeps you company.
