

## The Stage: A Phoenix Rising Novel

Mia, the saint. Kolton, the sinner. Kolton Royce is a tatted, bad boy rock star at the top of his game. Mia Phoenix is an overly responsible nineteen-year-old striving for stardom since losing her parents in a house fire. When Mia ends up on Kolton's team for the debut of the new nationwide singing competition, The Stage, she's not sure if it's her or her voice that he's hell-bent to control. After he takes special interest in her welfare, they've been warned, any contact between them outside of filming is strictly forbidden. He has other ideas. She's a phoenix rising from the ashes, the only one who understands the pain that lies beneath the persona. Though he's not sure if he's too bad for her, he can't stay away. All sinners have a past. All saints have a future. But, does being born in fire make the fissures weak in all the wrong places, or stronger than they've ever known? Warning: This book is intended for an adult audience 18 + due to adult content, language, and graphic scenes of a sexual nature. This is book one in a two-book series. There is a preview at the end of The Stage called The Tour Preview. Read it at your own risk. This book does not end in a cliffhanger, but the preview does.
