

Pieces of You

Throughout your life, your experiences define you, define your choices and define your paths. Taking pieces of you and scattering them everywhere so that everyone who means anything to us can carry those pieces with them - always. Sometimes that's not a good thing. Sometimes those pieces of you are a burden, when you yourself are carrying the weight of too many pieces. Sometimes those pieces make you forget what it's like to live. Ty Lorey has to learn how to move forward after his fairytale came crashing down around him, leaving him filled with guilt and remorse. Leaving him a shadow of the man he used to be. Leaving him broken and defeated only to go through the motions of everyday life, pretending he's surviving. Living in a small town makes it hard to escape the nightmares of the day when everything changed. Reliving it nightly with images that consume his peace. Until he meets Riley. Without realization, the dark-haired beauty with the dimples teaches him to smile again. With the smile comes hope that maybe-just maybe, he can be fixed and that getting an opportunity to say goodbye is the only answer for his peace.
