

## Grab (Pierce Securities Book 4)

Jordan Rocco has just received a medical discharge from the Marines and is now working with his brother, Evan, at Pierce Securities. Hes struggling to find his place among these men who have a brotherhood that doesnt seem to include him. Jordans only saving grace is the woman across the hall in his apartment building, with her smart mouth and tight curves. Mia is wholly focused on making enough money at her crappy job to bring her sister home to live with her, instead of globe-trotting with her mother and the latest in a long line of losers. A boyfriend is not in the cards. But a couple of nights with the hottie across the hallway to release some pent-up frustrations wouldnt be remiss. When shes grabbed from her apartment in the night, Jordan witnesses the crime, helpless to stop things. Hes suddenly got a new mission: Before the worst can happen, he has to save the woman who has come to mean more to him than he realized. \*\*\*WARNING\*\*\* This book has a vague description of events that may cause triggers.
