

## Pint-Sized Protector (Wolves of Stone Ridge Book 30)

Cayden Rochette works as a negotiator for the Stone Ridge wolf pack. For decades he has worked behind the scenes with his alpha to secure peace for the packs future, which often leads to long stretches away from home. After one such assignment, he discovers a cat shifter staying in his house as his brothers guest. One sniff is all it takes to realize the small feline is his mate. Still, the Andean mountain cat is a shy shifter recently rescued from years of torture at the hands of scientists. The cat hasnt even shifted, yet, even after staying with the wolves for weeks. With a little help from the mate-pull, Cayden earns the cats curiosityif not his trustenough for him to shift, anyway. That opens up a whole new world of questions. Ajax grew up away from shifters and knows little of their ways. Can Cayden convince the solitary shifter of the benefits of staying with him?
