

The Billionaire

When billionaire Gideon Thorpe sees the young beauty across the way, hes instantly struck by her beauty. A man accustomed to having whatever his heart desires, hes a little cautious as she seems rather young. When he cant get her out of his mind he sets his team of investigators on her tail to find out all there is to know about the girl who has fast become an obsession. As things unfold Gideon realizes that though he might have to wait to take her he cant leave her in the situation hes found her in. When things become too dangerous he takes her away to his home and to keep her safe marries her in a secret ceremony. But someone from his past is not too pleased when news of the nuptials spread and danger follows the new bride around. Now the hard nosed billionaire finds himself not only having to protect his wife from an ex whos out to destroy but also from the secrets that shroud her life. Will his love and protection be enough to keep her safe from the powerful men who seek her for their own sinister needs?
