

# Impossible

One Accident. Two losses. Three years. Veronica Russo chases storms, but runs from her past by staying firmly in the present. Unwilling to consider the possibility of a future, she's checked out of life by using solitude and standoffishness as her armor and a sharp tongue and quick wit as her weapons. Coleman Cade is a walking contradiction- just like his mismatched eyes. A rough and manly bull rider with a playful side. A ladies man with thousands of willing victims, but what he really wants is one woman. The right woman. Will Roni be able to let go, move on, and find a way to fulfill her dream of having everything? Or will unsubstantiated choices and unresolved demons stand in the way of their happily ever after? In order to overcome past tragedies and find true happiness- in order to have Everything- Roni needs to do one thing. Find the impossible. Warning: Some explicit language and sexual content.
