

Going to the Dogs Starter Boxed Set

Beware of dogs, romance and deep belly laughs! Four friends meet in a dog park and become fast friends. Four different backgrounds, four different personalities, but two things in common, the love for their funny, endearing four-legged furry friends and their deep friendship for each other. Come along and join my girls as they find their true love in the urban jungle of New York City and each snag the man of their dreams. To get you started on this fun journey, this set includes *Leashed*, Book 1 and *Groomed for Murder*, Book 2 of *The Going to the Dogs* series. *LEASHED* And they call it puppy love! When Jack falls head-over-paws for cute and cuddly Jill next door -- that creamy coat, those soft brown eyes, and, yowza, those long legs, he simply cannot help himself. Bing, bang, boom, a few weeks later, Jack has some splaining to do when that cute female is with puppies. Jack's going to be a father, trouble is his lady loves owner Owen McKay and his owner Callie Lassiter need a little shove into love. Being a large and in-charge Great Dane, that's no problem for Jack. With a little cooperation and a little matchmaking, some nudging, whining and puppy dog eyes, hopefully, everyone will live happily ever after together. *Groomed for Murder* Can a dog have a bad hair day? Brooke Palmer owns Pawlish, an exclusive doggie spa and grooming business in upper Manhattan, but when a client's champion poodle gets a bad poodle cut and has to undergo therapy to recover, the client sues. The lawyer they send is drop dead gorgeous, but Brooke won't be wooed by a corporate shark in a sharp suit. Corporate lawyer Drew Hudson has better things to do than take on this ridiculous lawsuit, but since he works for the client's husband, he has no choice. After meeting the beautiful, sweet-tempered owner, he can't keep his mind on the silly case. But when the client

turns up dog gone dead, Brooke may be a conflict of interest when shes charged with the murder. All Drew wants to do is prove that this sexy entrepreneur is not dangerous, except to his heart. Can she take a chance on him? Dont miss Hounded and Collared Book 3 and 4 along with the wedding novellas that are now available in a boxed set! And, just released in March, Piggy Bank Blues the first book in Going to the Dogs 2: The Alphas. Its the guys turn to let the dogs out and first up is Ian Lassiter! Can a confirmed bachelor lose his resolve and can a woman gain back her trust in love?
