

Saffron (Kemet Uncovered)

Kemet Uncovered Series: As gods and goddess of Kemet Land of the Black, Ancient Egypt, we are older than time itself. Although our travels have delivered us down different paths, there remains a commonality between us. It takes but one thing to bring us to our knees love. Love, an emotion, which drives all sense from ones mind has felled many throughout the ages. Yet, this time as gods and goddess who fall in love with humans, we are powerless against the passion. These mortals not only capture our hearts but intertwine into our very souls. Despite all our powers, not even we can resist when...Kemet is Uncovered. Saffron by Aliyah Burke and Taige Crenshaw Book four in the Kemet Uncovered Series I am natures representative. I give my voice when the earth cannot. My work sent me on an intersecting course with a stubborn, arrogant, and hard-headed man named, Kenric Annsen. Although I dont understand him I cant help but be attracted to him. His smouldering looks and heated caresses have rattled me unlike any before him. The cosmos have an interesting sense of humour. Me, who has lived longer than he could possibly imagine can be struck mute by something so simple as his touch. Whats a goddess to do when she wants the one man who has the means destroy her beloved earth? Kill him? Save him?
