

Professional Distance (Thorne and Dash Book 1)

Book 1 of Thorne and Dash Next Book: Personal Entanglement Thornwell Shipton is wealthy, uptight, closeted, and an incurable workaholic. A tragic love affair left him terrified of relationships, so he tells himself sex is better scheduled and paid for. Riley Dashwood is young, easy-going, and comfortable in his own skin. Hes a passionate baker and an aspiring chef, working as an escort to save up for culinary school. Theyre clearly made for each other. When Thorne hires Dash, its lust at first sight. After a few scorching nights together, both men start to wonder if whats between them is more than physical, but their age gap and resistance to romance make them afraid to change their professional relationship to a personal one. Dash pushes Thorne to admit he wants things hes denied himself for years. Kinky things. Soft, caring things. Things that force him to open his heart, not just his body. To move forward, one or the other must take a risk and ask for what he really wants.
