

Snowed In

Be careful what you wish for... Nate has been in love with Quinn, his brothers best friend, for as long as he can remember. But when he finally gets the chance to show Quinn how he feels, his heart gets broken in the most unexpected way. Second chances come when you least expect them... Quinn doesn't believe in miracles, especially not Christmas ones. When he decides to win Nate back he knows it won't be easy. The last thing he expects is a health scare, a road trip and a vicious snow storm to work in his favor. In the end, a cabin in the woods turns out to be not only the shelter they desperately need, but also Quinn's very own Christmas miracle. Sometimes, to forgive, you need to get snowed in... *Stand alone novella, not connected to any series
